

The NOBO logo is rendered in a bold, dark grey, sans-serif typeface. The letter 'O' is stylized with a vertical cutout in the center, and the final 'O' features a diagonal cutout. The background of the advertisement is a composite image. On the left, a white NOBO panel heater is mounted on a light grey wall. To its left, a green plant and a woven basket are partially visible. To the right of the heater is a white, cylindrical side table with three wooden legs. The right side of the image is dominated by a large, diagonal graphic element consisting of overlapping translucent layers of a red-toned mountain landscape and a solid red color. The floor is made of light-colored wood.

Complete home heating solutions with
our compact panel heater range

CHOOSING A COMPACT PANEL?

CREATING A COMPLETE HEATING SOLUTION FOR YOUR HOME HAS NEVER BEEN EASIER.

Compact panel heaters are a collection of intelligent and innovative wall mounted or portable heaters, designed to offer economical, stylish and safe heating solutions. The compact range was created specifically for homes that have limited/tight wall spaces.

Stylishly constructed with an elegant pure white finish, the panel heaters are easy to install and use. The dual heat technology uses both convection and radiant heat, which ensures quick, effective and efficient heating.

THE NOBO ADVANTAGE

There are many reasons why Nobo stands out from other panel heaters, we call this the Nobo Advantage

Norwegian design

Fast warm up

Quality and safety for all

Eco design approved

Concealed air vents to remove visual clutter

Precise electronic thermostat

Overheat safety cut-out

Save energy and money

9 pre-programmed timer profiles included

Limited lifetime warranty

Quick installation

Quiet Performance

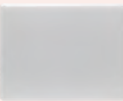

Castors for portability

Adaptive Start

COMPACT PANEL RANGE SELECTION

	PRODUCT CODE	WATTAGE (KW)	DIMENSIONS (MM)	WEIGHT	ROOM SIZE
	NCPT10-FS40	1	525w x 400H x 115D	4.3kg	10m ² - small to medium sized bedrooms
	NCPT15-FS40	1.5	625w x 400H x 115D	4.8kg	15m ² - medium to large bedrooms and lounges
	NCPT20-FS40	2	925w x 400H x 115D	7.5kg	20m ² - large sized bedrooms and lounges
	NCPT24-FS40	2.4	925w x 400H x 115D	7.5kg	24m ² - large sized bedrooms and lounges

The width of the Nobo panel heaters ensure better heat distribution. By allowing more air to circulate through the elements and across surfaces, Nobo heats your room more evenly*. The guide above also gives you an indication on the size of heater you will need.

GLEN DIMPLEX The World Leaders in Electric Heating

Nobo is part of the Glen Dimplex Group, the world’s largest electric heating business. With design and production facilities across UK, Norway, France, Germany and greater Europe, we draw on a wealth of expertise and heritage. In fact the world’s very first electric heater was produced by one of our brands in 1895. It is from this wide portfolio that Nobo Australia selects the ideal range for Australian homes.
